

I wanted to take this time to thank everyone who got out and voted. The new council has been formed and we were sworn in on August 10th. The new council is made up of myself as Mayor, Darrel Muench and Craig Lester as councillors and Terry Lofstrom as our administrator. I wanted to thank Bonnie Kraus for her over 20 years of service to the community and wish her and Al all the best in the years ahead. I also want to thank Wayne and Glen for giving up their time to help run the affairs of the village and volunteer whenever they could.

With our first meeting we have set aside money to get a new dock system installed by the boat launch. This past weekend my wife, Don Harder and myself built the docks and we hope to have them installed this coming weekend with the help of some volunteers. We have also been looking into the swim bouys and unfortunately we will not have them here soon enough to have them installed this year but they will be ready for the spring.

I know some people have been concerned about the foxes running around our village. I have contacted Officer Jonas at the CO office and he will be contacting a wildlife biologist to see what can be done. The one big thing he said was if people stop feeding the foxes and wildlife they will generally go away. I know this has been an issue for years so we are looking at all our options. I will keep people informed once I know more.

I have posted signs at the garbage to please close the latches so we can keep bears out and another sign on the cardboard bin to please break boxes down as it has been full lately and half the bin is full of big boxes.

Council has planned a get to know your councillors and a good bye to summer BBQ on Saturday August 31th from noon to 2 at the Fire Hall where there will be free hamburgers and hot dogs with ice Tea given out. So come out and say hi and get to know your representatives.

Until next time,

Kevin Henbid

Mayor
