September 2024

I wanted to take this time to thank everyone who took time out of their busy September long weekend to come to the BBQ that council put on Saturday August 31<sup>st</sup>. It was great to see so many people come out and enjoy themselves and just visit with people. I would also like to thank everyone who takes time to clean up the beaches, pick up garbage, cut trees, fix the roads, clean up the ditches, work at the Fire Department, push in the tree dump site, work on the Enchanted Forest and keep the ATV trails open. It's what makes our community great!

We had our second council meeting this past Saturday and then after the meeting, council and a group of volunteers removed the dock that was installed at the boat launch. I think people have been happy that it was installed and next year it will be an additional 8 feet longer. Over the winter we will have the swim Bouy's bought and they will be installed in the spring clearly marking where it is safe to swim. We have also removed the old metal slide from the beach for safety reasons. We hope to apply for a new permit to get additional sand hauled in to fill in the area close to the water. We will also be looking over the different play structures to make sure they are up to code. Council will be looking into getting a hand rail installed either this fall or early spring for the walk way going up to Sunridge Place. I am also planning to look into getting a large metal recycling bin for the spring so we can clean up our yards and area of unwanted metal.

Our next council meeting will be on October 25<sup>th</sup> in Saskatoon at the Rusty MacDonald Library starting at 6:00 pm with the Public information meeting being from 7:00-8:30 pm. All of the material will be uploaded to the Pebble Baye web page a week before the meeting so you will have time to go over the material. I look forward to see you all there.

Sincerely,

Kevin Henbid
